TRUST AGREEMENT

This Trust Agreement describes the principles upon which the Lake Washington School District No. 414 and the Lake Washington Education Association base our relationship, our mutual interests, and joint commitment to achieve these mutual interests. By creating this Agreement, we hereby commit to continuing a collaborative relationship that aspires to last beyond the tenure of those currently in leadership positions in our respective organizations.

PRINCIPLES OF THE RELATIONSHIP

We hereby commit to work together to establish a vibrant and successful learning community that actively involves students, staff, and community. We strive for a relationship that promotes success for our students, our schools, and our community by:

- Creating an atmosphere of mutual trust and respect;
- Nurturing a culture of collaboration;
- Respecting the finite resource of educator time;
- Recognizing limited financial resources;
- Recognizing individual talents and strengths;
- Increasing staff diversity;
- Encouraging innovations and risk-taking with a focus on improvement;
- Learning from failure;
- Building upon our successes;
- Providing opportunities for individual growth;
- Openly sharing information, knowledge, and experience; and
- Providing a caring, safe learning and working environment that is clean, healthy, functional, non-violent, and free of discrimination, intimidation, and harassment.

MUTUAL INTERESTS

The Association and the District are committed to achieving the following mutual interests:

- A. Support for the District Mission and Goals:** The District's mission was developed through the combined interaction of community members and staff. We commit to operating in ways that help realize this mission for all learners.
- B. Accountability for Quality and Performance:** We commit to improve existing structures to increase the accountability of those participating in the school system. Educators, students, and parents share accountability for student performance, and the community is accountable for making available the resources needed to meet the learning needs of its families and their children.
- C. Fiscal Responsibility:** We have a joint responsibility to utilize resources effectively, maintain a balanced budget, and ensure resources are best used to help all members of the school system reach their potential.
- D. Academic Achievement and Professional Responsibility:** We commit to the development of structures to improve student academic achievement, to provide for training and support of our staff, to create structures that support educators in their workload, and to create compensation structures that recognize our teaching and teaching support staff as professionals.

- E. Involvement and Decision-Making:** We commit to our shared decision-making process and view it as a positive benefit for students, staff, and the community and we commit to supporting decisions that are made. We welcome parents and community members in the schools to observe, assist, and participate in the educational process.
- F. Individual Rights & Responsibilities:** The Association and the District acknowledge that we are working toward the ultimate goal of creating a system where the delineation of specific individual employee and District rights and responsibilities within our Agreements are reduced due to the presence of understood values, norms, and operating principles of the District and Association. To initiate this process, the following guidelines and principles will be utilized to acknowledge the unique responsibility the organizations have to the individuals who work within them:
- Staff will be treated with respect and dignity and will treat each other that way. Students, parents, and community members will be treated with respect and dignity.
 - Learning is fostered and promoted in an atmosphere in which there is freedom to provide for the free and orderly flow and examination of ideas so that students may gain the skills to gather and synthesize information, discriminate between fact and opinion, discuss differing viewpoints, analyze problems, and draw conclusions.
 - Staff will exercise professional judgment when presenting subject matter. Educators are expected to maintain a high professional standard of teaching and to employ the most effective teaching techniques to meet the District's mission.
 - Staff have the responsibility to conduct themselves in a manner befitting the profession.

RELATIONSHIP OF THE TRUST AGREEMENT TO THE COLLECTIVE BARGAINING AGREEMENT

The Trust Agreement is one part of the Collective Bargaining Agreement between the District and the Association. The Trust Agreement expands the traditional collective bargaining relationship between the District and the Association.

PREAMBLE DEFINITION: Preamble language holds the purpose to set context, explain, or describe values. The District and Association jointly agree preamble language is not enforceable contract language.

RELATIONSHIP OF THE TRUST AGREEMENT TO THE INDIVIDUAL EDUCATOR

The District and the Association recognize that educators are entrusted with the critical role of providing an inclusive, equitable, and supportive learning environment that fosters the academic, social, and emotional growth of every student. We jointly agree that educators are professionals who use their training, judgement, and experience to differentiate lessons, provide multiple entry points for classroom activities, create a sense of belonging, and cultivate classroom and school environments that accommodate and acknowledge the diverse experiences and unique needs of students. We, the members of the Association and District Administration, accept and welcome that responsibility while also acknowledging the complexity of the work necessary to demonstrate individual and collective ownership of each student's academic and social growth.

We jointly believe that, as frontline practitioners, educator's expertise and experiences are essential components in the identification, planning, and evaluation of professional growth activities. We acknowledge that, when educators are given voice and agency in their professional development, it empowers them to take ownership of their learning, fosters a sense of autonomy and self-efficacy, and ultimately leads to more effective teaching practices much like the same approach in classrooms leads to greater student achievement. When educators have a voice in their own professional learning, it enhances their overall satisfaction and commitment, leading to increased job satisfaction, an overall sense of well-being, and ultimately more equitable student learning outcomes. Recognizing and valuing educator voice and agency in professional development supports the growth and development of individual

educators and can have a profound impact on the quality of the student experience. The Trust Agreement between the LWEA and LWSD outlines the shared professional responsibility to ensure educators “employ the most effective teaching techniques to meet the District’s mission” and do so in a manner that gives educators voice and agency in a collaborative, nurturing culture that encourages innovation.

RELATIONSHIP OF THE TRUST AGREEMENT TO DISTRICT PROGRAMS AND PRACTICES

We jointly agree that Lake Washington Schools must develop new programs and practices to navigate, grow, and succeed within a dynamic national, state, and local education environment. We affirm our joint belief that continuous adaptation and innovation are required to ensure our students graduate prepared for additional post high school education, the global workplace, and personal success. We also recognize that adaptation and innovation is necessary to ensure our District remains a highly desirable career option for aspiring educators, provides growth opportunities for existing certificated staff, and supports educator success. The District and the Association further agree that research demonstrates educator engagement, resiliency, and general job satisfaction are significant contributors to ensuring student achievement. The development of new programs and practices is a complex activity that has a significant impact on staff workload and an individual educator's ability to successfully meet the entire scope of their responsibilities. Therefore, the District and Association have a shared interest that new programs and practices are:

- meaningful and relevant to both students and staff.
- able to be implemented and sustained within the resources available.

We jointly agree that the work of developing programs and practices is best accomplished when that work is aligned with the principles of the Trust Agreement. When educators are engaged in decisions and collaborate with District administrators and each other, trust is deepened, and climate and culture improve. The commitment to collaboration and shared decision-making serves to acknowledge the value of the diverse perspectives, experiences, and identities that educators bring to any discussion regarding programs and practices. The commitment to collaboration and shared decision-making highlights an appreciation of the value of educator voice as a reliable source of frontline, classroom-based experience.

STATEMENT OF SHARED BELIEFS REGARDING DISTRICT PROGRAMS, PRACTICES, INITIATIVES, AND ADOPTIONS

The District and Association agree that Lake Washington Schools must develop new programs and practices, implement new technology initiatives, and adopt new curriculum to navigate, grow, and succeed within a dynamic national, state, and local education environment. We affirm our joint belief that continuous adaptation and innovation are required to ensure our students graduate prepared for additional post high school education, the global workplace, and personal success. We also recognize that adaptation and innovation is necessary to ensure LWSD remains a highly desirable career option for aspiring educators, provides growth opportunities for existing certificated staff and supports educator success. The District and the Association further agree that research demonstrates that educator engagement, resiliency, and general job satisfaction are significant contributors to ensuring student achievement.

The District and Association have a shared interest that new programs, practices, initiatives, and adoptions are achievable, meaningful, and relevant to both students and staff. We jointly agree to address these shared interests, the work of developing programs and practices is best accomplished when that work is aligned with the principles of the Trust Agreement. When teachers are engaged in decisions and collaborate with District administrators and each other, trust is deepened, and climate and culture improve. The commitment to

collaboration and shared decision-making serves to acknowledge the value of the diverse perspectives, experiences, and identities that educators bring to any discussion regarding programs and practices. The commitment to collaboration and shared decision-making highlights an appreciation of the value of educator voice as a reliable source of frontline, classroom-based experience in our individual schools and the District generally.

The District and Association acknowledge that the development of new programs and practices is a complex activity that has a significant impact on staff workload and individual educator's ability to successfully meet the entire scope of their responsibilities.

Secondary Safety Net staffing is allocated to teachers as part of their total staffing assignment at the building principal's discretion. Secondary teachers who teach a stand-alone Safety Net class are not considered as part of a program.

Stand-alone secondary Safety Net classes should not exceed a ratio of 20:1. If a stand-alone secondary Safety Net class exceeds 20:1, the Safety Net teacher and principal will meet to develop a mutually agreed upon plan for serving students. A Safety Net class will be considered a distinct class preparation.

SECTION 13.10.2

Some teachers within a grade level, or specialists working in elementary schools, may choose to exceed the contractual class size limit without triggering remedies so that other teachers at that grade level, or other specialists working in elementary schools, may have fewer students, provided that, should the total number of students assigned to those teachers involved exceed the numbers that would trigger contractual remedies, the remedy will apply.

SECTION 13.10.3

These options apply similarly to teachers working together between departments, or multi-age classes, etc. at either the secondary or elementary level. Other configurations may be approved provided that overall contractual class size and daily load limits are not exceeded without the applicable remedies, and provided that all affected staff agrees to the plan. It is not the intent of this language to provide staffing alternatives to address enrollment increases.

SECTION 13.10.4

ARTICLE 14 | NON-INSTRUCTIONAL DUTIES AND WORKLOAD CONSIDERATIONS

SECTION 14.1

The parties understand and agree that the District has and retains the right to assign duties of employees. It is recognized that it may be necessary to assign duties other than normal classroom instruction, but the use of employees to perform such functions will be kept to a minimum whenever possible.

SECTION 14.2 – BUILDING DECISION MAKING MODELS

The Association and the District agree that formal decision-making models and operating principles promote a healthy work climate. To this end, buildings will collaboratively establish and utilize operating principles and decision-making models in order to address site-specific issues.

SECTION 14.3 – COMMUNITY INITIATED OR STAFF INITIATED SCHOOLS

Administrators and educators in schools affected by the formation of a Community Initiated School (CIS) or Staff Initiated School (SIS) will be informed as early as possible of the proposal and progress of development.

SECTION 14.4 – STAFF AND COMMITTEE MEETINGS

SECTION 14.4.1 – STAFF MEETINGS

The Association and the District agree that staff meetings are most effectively used for discussion and decision- making regarding important educational issues.

A committee of educators chosen by the staff and teachers designated as leaders at each building will meet with the principal of such building by October 1 to provide input regarding scheduling, duration, and content of staff meetings, including identified transition time between meeting and student contact. This information will be shared with all staff.

- Except for emergencies or exceptional circumstances, no more than an average of two (2) hours per month will be scheduled for required staff meetings.
- Staff who miss meetings are responsible for the content covered in the meeting.
- Each meeting will last no longer than one hour.

- Staff and committee meetings will take place during the teacher work day, before or after the student day, not to exceed 30 minutes outside the contract work day.
- Whenever possible, routine information will be communicated electronically or by other appropriate means.

SECTION 14.4.2 – COMMITTEE PARTICIPATION

Staff members are encouraged to contribute in shared decision making through participation in building and/or District work. This may occur in a variety of ways including, but not limited to work on a content team, District committee, or a building level committee.

SECTION 14.4.3 – BUILDING BASED COMMITTEES

Creating building-based committees is a collaborative process, which will be reviewed annually through the Building Decision-Making Model. The following parameters will apply to establishing and operating committees:

- Teachers are provided with committee descriptions and an opportunity to request committee assignments.
- Teachers will **not be required** to attend more than one committee meeting per month.
- Each meeting will last no longer than one hour, unless the committee decides additional time is needed.
- Committees whose membership are compensated (with time or pay) are exempt from the 1 hour per month maximum.

SECTION 14.5 – STRATEGIC PLANNING REPRESENTATIVE GROUP

The District and the Association mutually agree that consideration of educator voice is an essential component in the development of District programs and practices. Therefore, the purpose of the SPRG is to provide a forum and methodology for consideration of educator voice in the development of District programs and practices. The SPRG differs from a committee. In addition to providing initial feedback and recommendations, SPRG is meant to provide sustained, corrective-action consultation. SPRG works to ensure that new programs and practices:

- Adhere to national and state mandates.
- Enhance student achievement.
- Manage impact on educator workload.
- Provide adequate professional learning.
- Address operational and technology needs and support.
- Determine staff capacity to successfully implement new initiatives.

SECTION 14.5.1 – STRATEGIC PLANNING REPRESENTATIVE GROUP – MEMBERSHIP

The District Superintendent (or their designee) and the President of the LWEA (or their designee) will collaborate to select up to twelve representatives each from the District and the Association to the SPRG. The Association agrees to select representatives exclusively from the LWEA membership roster. The District agrees to select representatives from District employees, excluding certificated staff. We agree that SPRG should have an equal number of the District and the Association. The District Superintendent and the Association President will confer annually prior to the first student day of the school year to determine the exact number of representatives to be selected by each group. By mutual agreement, the District and the Association may allow non-SPRG member participation as part of the planning process.

The District and the Association mutually agree that a commitment to diversity is essential to ensuring the SPRG team receives comprehensive consultation, feedback, and advice from LWEA members. The SPRG will strive to be inclusive not only during the selection of members but also in the use of processes employed to gather data and solicit educator feedback. SPRG will strive to create awareness as to whose voices are heard and whose voices are missing.

SECTION 14.5.2 – STRATEGIC PLANNING REPRESENTATIVE GROUP – CALENDAR

SPRG meetings will be held five times each school year. The calendar for SPRG meetings will be established collaboratively by the District Superintendent (or their designee) and the President of the LWEA (or their designee). Each meeting will be planned for a full workday. District Labor-Management will confirm the final schedule, any consultant support required for SPRG facilitation, and any non-member participation.

The SPRG calendar will identify:

- One August, Small Group Meeting - This meeting will be for the purpose of establishing priority agenda items for review at the three regular meetings. Members invited to this meeting will be determined by the District Superintendent (or their designee) and the President of the LWEA (or their designee). The District multi-year strategic plan will be shared with invited SPRG members at this meeting.
- Three Whole Group Meetings - These will be held no later than ten days after the first day of November, February, and April and will be planned for a full workday.
- One Small Group, May or June Meeting - This meeting will be for the purpose of:
 - reviewing District wide educator survey data.
 - monitoring and adjusting the current, new, and proposed adoptions, initiatives, programs, and practices identified in the multi-year strategic plan.
 - assisting with the planning of SPRG activities the following year.

SECTION 14.5.3 – STRATEGIC PLANNING REPRESENTATIVE GROUP – PROTOCOLS AND PRACTICES

SPRG will follow established protocols and practices including:

- Interest-Based Problem Solving (IBB) will be the prescribed method for addressing all issues, concerns, or problems of practice.
- Decision making will be clarified for all topics of discussion by identifying 1) who is responsible for the decision, 2) who is consulted with before a decision is made to help inform the decision and 3) who is informed about the decision. This model is referred to as the DCI model of decision making. Given the District's responsibility to make program decisions, it is in the District's interest to ensure decisions have been thoroughly considered from multiple perspectives while collaborating with those closest to the work. This level of consultation enhances the opportunity to accomplish the mission and vision of the District. Finally, SPRG consultation ensures informed communication to those affected by decisions and helps to create clarity for all parties involved.
- The Planning, Learning, Implementing and Evaluating (PLIE) process will be used as the cycle of inquiry to consider issues, concerns, or problems of practice over a longer period.
- An overview of each meeting discussion will be made available to interested District employees within ten (10) calendar days following each meeting.

The District and the Association agree that topics addressed by SPRG will be informed by the District Strategic Plan, established data sources, and such sources as the SPRG may identify during their research and discussion. Sources not preidentified will only be considered after consensus of the members consistent with Interest Based Problem Solving practices. The District and the Association also agree that the District's strategic plan will be informed by the feedback, advice, and data generated by the SPRG.

SECTION 14.5.4 – STRATEGIC PLANNING REPRESENTATIVE GROUP – GENERAL RESPONSIBILITIES

SPRG will concentrate its work on the programs and practices having or expected to have the most significant impact(s) on students and staff. Areas of particular focus are those that impact student and staff well-being, student and staff sense of efficacy, and staff workload.

Strategic Planning Representative Group’s examination of programs and practices may include:

- Future professional development, technology implementation/integration, classroom assessment, or classroom instruction activities to be implemented or under consideration for implementation as part of the District's strategic plan.
- In-use professional development, technology implementation/integration, classroom assessment, or classroom instruction activities identified by District leadership as requiring evaluation for efficacy in alignment with the District's strategic plan or for compliance with administrative or board policy statements.
- Any professional development, technology implementation/integration, classroom assessment, or classroom instruction activities identified by SPRG and agreed to by consensus of SPRG members.

SECTION 14.5.5 – STRATEGIC PLANNING REPRESENTATIVE GROUP – AREAS OF SPECIFIC FOCUS: HEALTH AND SAFETY, LEAP TIME, TECHNOLOGY INTEGRATION, CURRICULUM AND ASSESSMENT ADOPTIONS

The District and the Association agree that assessing and addressing student and staff Safety, Physical Health, and Mental Health is a fundamental element of District success. SPRG, therefore, should examine practices and programs aimed at:

- Improving safety, reducing staff injuries, improving mental health, and increasing resiliency among educators.
- Developing strategies that support student and staff mental health.
- Creating data collection systems to inform evidence-based health and safety practices.

The District and the Association agree the content of Learning Enhancement/ Academic Planning (LEAP) time will align with the Principles of the Trust Agreement. The District and the Association also agree that among the most impactful means to acknowledge our commitment to those principles is demonstrated by engaging the Strategic Planning Representative Group (SPRG) to collaboratively develop a plan that determines how August LEAP, October-March-May LEAP days, and Wednesday LEAP time will be utilized and by devising systems that evaluate the efficacy of those plans. Planning will utilize LEAP Planning documents developed annually by District leadership in consultation with the Strategic Planning Representative Group, in alignment with District leadership’s overall Strategic Planning Process and consistent with the principals described in the Trust Agreement.

The District and the Association further agree that the presentation of materials developed for LEAP time are most effectively delivered using methods and timing aligned with the culture and needs of individual schools. Therefore, we encourage each schools’ Building Leadership Team to use their building Decision Making Model (DMM) to complete this task.

When new Curriculum Adoptions, Program Revisions, Assessment Practices, and Technology Integration Initiatives are to be introduced, SPRG will be consulted with adequate time will be provided to allow SPRG to understand the reason for, the timeline of, and the potential alternatives to the initiative as presented. Further, adequate time will be provided to ensure the SPRG can provide thoughtful feedback and advice. The goal of SPRG in this area is to ensure the principles of the PLIE are applied to these adoptions, practices, and initiatives including:

- A PLAN for implementation and timeline for the adoption, initiative, program, or practice to be clearly communicated to staff with clearly identified content and launch dates and potential dates for related professional development.
- Consideration of the time needed to LEARN the new program or practice that includes ensuring an understanding of initiative, program, or practice rationale as well as its connection to student success and the strategic plan.
- Provision of adequate time for an effective IMPLEMENTATION of the new program and practice.
- Consideration of how the initiative, program or practice will be EVALUATED including how all staff will be provided the opportunity offer input on the workload impact of current, new, and proposed adoptions, initiatives, programs, and practices. These SPRG recommendations will be used in joint discussions between the Strategic Advisory Leadership Team (SALT) and the Strategic Planning Representative Group (SPRG) for the purpose of monitoring and adjusting the current, new, and proposed adoptions, initiatives, programs, and practices identified in the multi-year strategic plan.

The District and the Association acknowledge a common interest in using standardized assessments to measure student growth and inform professional practice for all stakeholders of the organization including students, educators, parents, grade levels, schools, learning communities, and the District.

The District and Association recognize a joint interest to ensure that we have meaningful and informative assessment and reporting practices, without taking great amounts of classroom instructional time and teacher time for grading. We share a common goal to ensure that the implementation of state and District mandated assessments is seamlessly integrated into the job of teaching and learning.

The District agrees to use input from the SPRG along with curriculum adoption and refinement processes at all levels to streamline curriculum, assessments, and instructional expectations.

The District and Association agree to a development process that includes administrators and educators to work towards a balanced comprehensive assessment system, including large scale state assessments, District interim assessments and classroom/curriculum-based formative and summative assessments. A balanced assessment system takes into consideration the impact of time for administration and grading of assessments.

By October 1 annually, the District will identify and communicate which District and state assessments are required and which ones are available for optional use. The District will maintain and communicate a State and District Mandated Assessment document for the use of administrators and educators for planning and preparation purposes. Whenever possible, new assessments will be directly aligned to recognized anchor standards. To ensure consistent communication and expectations for actions around assessments, administrators and building teacher leadership will share joint responsibility to support staff in the areas of curriculum, assessment, and instruction.

The following items will be addressed to support assessment activities:

- Based on the need for one-to-one certificated administration of District prescribed assessments, funds for substitute coverage will be provided at thirty (30) minutes per student per year, per assessment.
- The Assessment office will set up a schedule and arrange for required paper-based District assessments to be printed at the print center and delivered to the buildings prior to the assessment window.
- Provide secure electronic-based District assessment, if appropriate.

Section 14.5.5.1 – PLANNING FOR AND USE OF LEAP TIME

The District and the Association agree the content and presentation of Learning Enhancement/Academic Planning (LEAP) time should be planned collaboratively by the Building Leadership Team using the building Decision Making Model (DMM). The focus

and desired outcomes for LEAP will be developed annually through the Strategic Planning Representative Group process (SPRG) in the spring of the preceding school year to align and narrow focus on District strategic directions, designate a Districtwide calendar, and be for the purpose of:

- Addressing professional responsibilities including instruction, assessment and PGE.
- Continuous improvement planning and associated learning to accomplish District strategic priorities.
- Providing training for educators aligned with outcomes and focus set by the SPRG process.
- Fostering student achievement and equitable outcomes and opportunities through teacher collaboration.

In recognition of workload, and to provide time for individual, team, and building-level work areas listed above, the focus of LEAP will be distributed among the following:

- Teacher professional work time includes both work that individual educators need to complete and time to collaborate in teams. Teacher Professional Work Time – This time is to be focused on the SPRG focus and outcomes and is for educators to use to complete work outlined by the PGE system, the Professional Responsibility Contract, for PLC Teams to meet to work on PGE goals and for work consistent with the cycle of inquiry as outlined in the PLC guiding document. This work may also include building committees and/or building work teams to plan, collaborate, and engage in cycles of inquiry that are related to enhancing instructional practice, using the processes described in Appendix Q at teacher and team’s discretion aligned with the SPRG designated focus and outcomes. Teacher Professional Work Time may also be used for collaborative planning to serve students with diverse needs aligned with the SPRG designated focus and outcomes.
- Professional Learning Time – This time is to be used for growing and developing professionally and to enhance content knowledge and pedagogical skill through integrated professional learning that is grounded in equitable and practical practices. In addition, time may be used to engage in learning on systems or to meet professional requirements. The District will endeavor to utilize and model use of high leverage instructional practices in the design and delivery of professional learning. The District will also provide differentiated options to the greatest extent possible in design and delivery of District lead professional learning. Mandatory annual training will be streamlined and where possible for repeated annual trainings, test-out options will be provided when state and federal mandates allow to demonstrate knowledge and understanding of the content in lieu of repetitive training.

SECTION 14.6 - PROGRAMS, PRACTICES, INITIATIVES, AND ADOPTIONS

SECTION 14.6.1 - PREAMBLE

SECTION 14.6.6 - TECHNOLOGY INITIATIVE SUPPORTS AND TRAINING

The District and Association acknowledge that the fast-paced, ever-changing nature of technology requires continuous adaptation, innovation, and adoption of new technologies. The District and the Association also acknowledge that to achieve this goal, staff members require reliable technology along with timely technical and instructional support.

Therefore, the District and Association agree to the following:

- A. A shared interest in ensuring any new technology improves productivity, instruction, and student learning.
 1. The District agrees to identify and communicate the connection between the implementation of a new technology solution and the additional benefits gained from that implementation.
 2. The District and the Association agree that the roles and responsibilities related to using technology as instructional and productivity tools are addressed in the Technology Responsibilities: Skills Acquisitions and Integration Contract.

SECTION 14.6.7 - CURRICULUM ADOPTIONS AND SUPPORT OF MANDATED ASSESSMENTS

The District and the Association acknowledge the importance of examining potential new curriculum, including assessments, for compliance with state mandates, alignment with District strategic planning, budget considerations, and impact on certificated staff workload. The District and the Association also desire to select and implement assessment strategies that provide meaningful information to help guide our educational practices without significantly reducing classroom instructional time and/or teacher time for grading.

A. Curriculum and Assessment Adoption and Refinement

- 1. The District agrees to use input from the Strategic Planning Representative Group (SPRG) as a primary element of the curriculum and assessment adoption, implementation, and refinement process. The goal of that process will be the implementation of new curriculum in a manner that ensures seamless integration into staff and student teaching and learning. SPRG input will be included in all curriculum and assessment adoption and refinement activities at all grade levels and for all programs.
- 2. The District and Association agree to work toward a balanced, comprehensive assessment system. The District and the Association agree that a balanced assessment system takes into consideration the impact on teacher workload resulting from added time for administration and grading. Use of large-scale state assessments, District interim assessments and classroom/curriculum-based formative and summative assessments will be considered as part of that work.
- 3. By October 1 annually, the District will identify and communicate which District and state assessments are required and which ones are available for optional use.

- 2. The Assessment office will establish a schedule and arrange for any required paper-based District assessments to be printed at the print center and delivered to the buildings prior to the assessment window.
- 3. Provide secure electronic-based District assessment, if appropriate.

SECTION 20.2.1 – OVER/UNDERPAYMENT

The District and the Association agree that in situations where a bargaining unit member has been paid incorrectly, the period of time to be considered for reimbursement shall be one (1) year from the date of discovery. This will pertain to instances in which the member owes the District money due to overpayment and instances in which the District owes the member money due to underpayment.

SECTION 20.3 – EXPERIENCE INCREMENTS AND EDUCATIONAL ADVANCEMENT

The District will provide experience increments and educational advancement for credit on file, as of October 1 of each year. Such experience increments and educational advancements will be within the

legal limits for salary increases; and if the legislature does not provide any increases for salaries for any one (1) year for non-supervisory personnel, then the salary increases for experience and educational advancements for non-supervisory personnel shall be limited to the funds authorized by the legislature for non-supervisory personnel for increments and educational advancements. Advancement for work experience requires the employee complete one (1) year of work experience in a position requiring a certificate or equivalent.

Salary Schedule Placement and Advancement: Each certificated instructional employee shall be placed on the highest step possible of the salary schedule based on the employee's highest educational attainment level, total eligible education credits, and certificated years of experience as defined in this agreement. Previous experience and education credits for new employees shall be applied in the same manner as if those credits and experience had been earned while in the District.

SECTION 20.3.1

All educational credit for salary schedule advancement must be filed with the District by October 1 of each year of the contract. Employees hired after the first day of the school year must have their college and experience credits on file with the Human Resources Office by October 15 or within thirty (30) days, whichever is later. Failure to meet such timeline will cause the employee to lose consideration for such credits until the following school year.

SECTION 20.4 – SUPPLEMENTAL COMPENSATION

Supplemental compensation will be paid by separate contract pursuant to law according to the rates and amounts specified in Appendices A & D to this agreement. Such compensation so paid shall not be deemed an increase in salary or compensation for the purposes of [RCW 28A.400.200](#). Supplemental contracts are for one (1) year only. No person contracted for such a position should assume that said assignment would continue for more than one (1) year.

SECTION 20.4.1 - EXTRA DAYS

Extra days shall be paid at the employee's per diem rate. These days are LEAP days.

SECTION 20.4.2 – EXTENDED DAYS

Extended days shall be paid at the employee's per diem rate. Extended contracts will be issued to all employees who are required, due to the nature of their regular duties, to devote additional time beyond the regular school day or school year. The District must authorize extended contracts.

SECTION 20.4.3 – PER DIEM DAILY RATE

An employee on an extended contract who is authorized to work additional days beyond the school year will be paid a daily rate determined by dividing the employee's salary by the number of days in the base contract.

Section 20.4.3.1 – PER DIEM HOURLY RATE

The employee's hourly rate will be determined by dividing his/her daily rate by seven and one-half (7.5) hours.

SECTION 20.4.4 - STIPENDS

A complete list of all allocated stipends will be given to staff each year. Any certificated staff member who is interested in any position should notify the principal of said interest. The

ARTICLE 21 | SALARY FACTORS OF COMPENSATION

SECTION 21.1 – EXPERIENCE AND EDUCATION DETERMINE SALARY PLACEMENT

Once initially placed, to advance on the salary schedule due to education credits or clock hours, employees are responsible for providing documentation of completed academic credit and in-service (clock hours). All education credits and clock hours submitted by October 1 shall be used in calculating the advancement for the employee. This includes hours outside of approved Professional Educator Standards Board (PESB) providers when provided by approved state agencies such as the Washington State Department of Health. The annual salary shall be paid retroactively to the first day of assignment for the current school year.

Accumulation of credits (experience and education) will be rounded to one decimal. When calculations require rounding, a decimal ending with a 5 or higher is rounded up; a decimal ending with a 4 or lower is rounded down.

Appeals Process: On a case-by-case basis, when documentation for salary placement or advancement is denied due to not meeting the outlined criteria, the Salary Placement and Advancement Review Committee (SPARC) will review appeals and make decisions based on the submitted salary placement documentation for the current school year. The annual salary shall be paid retroactively to the first day of assignment for the current school year. The appeals process should include employees' justification for their appeal. SPARC will review the documentation submitted.

Hold Harmless: Due to the complex nature of recognition of experience and education credit the parties believe there may be times when a situation not contemplated will arise. When faced with these situations, the parties agree to bring the issue to Labor Management and use the 2017-2018 S-275 Personnel Reporting Handbook for guidance as it relates to the recognition of employment and education experience for salary placement.

SECTION 21.1.1 – EXPERIENCE

Definition and Accrual of Certificated Employment Experience

Employees will accumulate full-time and part-time certificated employment experience for any employment in a public or private preschool, elementary and secondary school requiring certification for which the employee held an education certificate or permit.

When experience credit has been earned outside the District, full-time equivalency shall be determined by the previous employer of record and verified by the employee having the previous employer(s) complete and submit an employment verification form directly to Human Resources. Substitute days are accumulated as part-time professional education employment and may be accrued up to 1.0 FTE per 12-month period.

No more than 1.0 FTE per year of work experience may be earned during any traditional academic year or during any twelve-month period. Time on an unpaid leave of absence may not be used for accrual.

Work experience must be earned prior to the current reporting school year and can be earned in the state of Washington, out-of-state, and in a foreign country. Employees may also earn certificated employment experience in private or public vocational-technical schools, technical colleges, community/junior colleges, colleges, universities, and tribal schools in positions comparable to those which require certification in WA public school Districts. In addition, the Centrum education program, the Pacific Science Center education program, the Seattle Children's Hospital education program, and educational centers authorized under RCW 28A.205 are included in this section.

In addition to employment credit for school service, employees serving in the role of occupational therapists (OT), physical therapists (PT), speech-language pathologists (SLP), audiologists, nurses, social workers, counselors, and psychologists regulated under RCW 18 may include experience both in schools and other non-school positions as OTs, PTs, SLPs, Vision-Orientation and Mobility specialists, audiologists, nurses, social workers, counselors, or psychologists that required licensure/certification as a condition of employment, excluding self-employment. Verification of employment is required to receive credit. The calculation shall be that one year of service in a non-school position counts as one year of service for the purposes of placement on the salary schedule. Non-school years of service included in calculations under the subsection shall not be applied to service credit totals for purposes of any retirement benefits.

SECTION 21.1.2 – EDUCATION

A Bachelor's degree will constitute the minimum academic requirement for employment. The minimum academic requirements for employment for non-degreed vocational educators are defined in Article 21.1.2.2 F.

A. Application of highest degree and accrual of education credits

When calculating salary placement and advancement, total eligible education credits will be calculated as the highest degree earned plus any academic and in-service credits not contributing towards the highest degree earned. Excess academic and in-service credits must be earned after employee's first bachelor's degree is awarded. After initial placement as a non-degreed vocational educator all credits earned shall serve toward advancement on the salary schedule.

B. Definition and Accrual of Highest Degree Type

When multiple degrees of the same level are earned, the first conferring degree is used for initial placement until a higher-level degree is earned. Any degree not used for initial placement will be eligible for use as education credits with regards to salary placement and advancement.

When a degree program requires more than forty-five (45) credits, credits in excess of forty-five (45) will be eligible for use as education credits. For example, if a MA program requires 60 credits, only the first 45 would be necessary for placement on the salary schedule MA column. The remaining 15 credits would be "in-excess" and count the same as Academic Credits, as defined in Section D below, post MA.

Employees will remit an official transcript issued by the registrar of an accredited institution of higher education as defined in [WAC 250-61-050](#). Electronic transcripts from the registrar of the institution sent directly to Human Resources are acceptable copies for purposes of documentation. An accredited institution of higher education is one that has been accredited by a national or regional accrediting association recognized by the Washington Student Achievement Council and the Secretary of the United States Department of Education. If an employee has a degree from a foreign institution, they must provide a statement of degree equivalency from an approved foreign credentials evaluation agency.

C. Eligibility requirements for academic and in-service hours (clock hours)

All education credits must be earned after the first bachelor's degree unless the employee is employed under a non-degree certificate. (For those working under a non-degree certificate, please see section 21.1.2.2 specific to non-degree certificated employees.) All education credits must have been earned on or before October 1 of the year for which they will be used to calculate the employee's salary. Once credits have been determined to meet one or more qualifying District criteria, courses will continue to be recognized in subsequent school years.

Credits not recognized in a school year may be recognized in a subsequent school year if there is a change in the qualifying criteria. Examples might include a change in PESB rules, a change in the District's strategic plan, a change in the school-based plan for the school in which the individual is assigned and change in the individual's assignment, or a change in the individual's employer.

D. Academic credits shall mean education credits determined as follows:

Academic credits are credits earned from an accredited institution of higher education and were not used to establish the employee's highest degree. The credits must be at the 100 level or higher and are transferrable or applicable to a bachelor's or more advanced degree. Credits used as academic credits cannot be also counted as in-service (clock hour) credits or nondegree education credits. Academic credits will equal the number of quarter hour units. If an institution uses semester hours, they will be converted to quarter hours and then applied to the accrual calculation.

Employees will submit an official transcript issued by the registrar of an accredited institution of higher education as defined in [WAC 250-61-050](#) for credits completed after the bachelor's degree was awarded. Electronic transcripts from the registrar of the institution sent directly to Human Resources are acceptable copies for purposes of documentation. If an employee has credits from a foreign institution, they must provide a statement of credit equivalency from a foreign credentials evaluation agency.

E. In-Service (clock hour) credits shall mean education credits determined as follows:

In-service clock hour credits shall be earned after August 31, 1987, and after the awarding or conferring of the employee's first bachelor's degree. After initial placement as a non-degreed vocational educator, all credits earned shall serve toward advancement on the salary schedule.

In addition, clock hour credits must have been earned on or before October 1 of the year for which the employee's salary is being calculated. Clock hours must be a minimum of 1 hour (for courses taken prior to August 24, 2019, clock hours must be a minimum of 3 hours).

In-service credits are earned through a program approved by the PESB pursuant to WAC 181-85-200. In-service credits cannot be used for satisfying the requirements of the employee's highest degree or be used in calculating academic credit or non-degree education credits. For every 10 hours of in-service credit earned (10 clock hours) the employee will accrue 1 education credit.

For individuals participating in an approved internship with a business, industry, or government agency pursuant to WAC [181.083](#), each forty hours of participation equals one in-service credit. No more than two in-service credits may be earned as a result of an internship during any calendar-year period. Each employee is limited to a maximum of fifteen in-service credits earned from internships for their career.

Inservice credits must be documented on OSPI approved clock hour documentation or approved state agency documentation. A certificate of completion, letter, or certificate of achievement or professional development can also be used when the educator holds a WA State Department of Health license in accordance with WAC 181-85-077.

F. Career and Technical Education certificated employees: Recognition of additional work experience, CTE Clock Hours, and conversion of work experience to nondegree education credits.

The provisions of this section apply to all Career and Technical Education (CTE) instructors working under an initial, continuing, or conditional CTE certificate. These employees are required to have already met the 6,000-hour (3 year) minimum requirement for occupational experience for their certificate.

After employees have met the initial 6,000-hour (3 year) minimum requirement listed above, they may accrue employment experience for those positions at the journeyman level or equivalent fully qualified level in the occupational field for which the vocational certificate is issued. Verification of employment is required to receive credit. Experience is granted on the basis of one (1) experience step for each two thousand (2,000) hours of work experience per year. This experience will be limited to six years.

All CTE certificated employees may apply CTE Clock hours earned for CTE training that is for the purpose of maintaining the CTE certification under WAC 181-77-003 toward placement and advancement on the salary schedule. For every 10 CTE Clock hours, the employee will be granted 1 education credit for salary schedule placement.

A non-degree certificated employee who is working under a CTE certificate (initial, continuing, or conditional) without a BA or higher-level degree may earn non-degree education credit through occupational experience through either paid or unpaid work in the field being taught. For every 100 hours of occupational experience beyond the 6,000-hour minimum required for nondegree certification, the employee may earn 1 education credit limited to 20 education credits per year. Industry experience in excess of 2,000 hours may not be banked or carried over from year to year. Each year must be calculated separately.

Their previous building/program seniority will be reinstated.

After being in the assignment for more than one (1) year, TOSAs who wish to be reassigned may follow procedure listed in Section 23.4.1.

TOSAs who are hired directly into these positions who wish to change assignments may utilize the transfer process as identified in Section 23.4.1.

At the conclusion of any school year the District may reassign TOSAs to a position in their area of certification. TOSAs will accrue program seniority for the duration of their assignment.

SECTION 23.8 – JOB SHARE

The terms and conditions of job sharing are outlined in [Appendix H](#).

ARTICLE 24 | RETENTION, LAY-OFF AND RECALL

SECTION 24.1 – DEFINITION

The term "lay-off" as used herein refers to action by the District in non-renewing employees due only to economic reasons; it will not refer to decisions to discharge or non-renew an employee for cause other than for such economic reasons; it will not refer to decisions to discharge or non-renew an employee for cause other than for such economic reasons.

SECTION 24.1.1

Economic reasons necessitating lay-off include the following:

- A. Enrollment decline.
- B. Failure of a special levy or other events resulting in significant reduction in revenue.

- C. Termination or reduction of funding of categorical projects.
- D. Lack of enrollment in subject area.

SECTION 24.1.2

In the event that the District anticipates a need to lay off employees for the forthcoming fiscal year, the District will notify the Association at least by April 15 and will provide to the Association, upon request, all available reports on the financial affairs of the District.

SECTION 24.2 – CERTIFICATED AND STAFF REDUCTION

In the event that it is necessary to reduce the number of employees for economic reasons, those employees who will be retained to implement the District's modified program and those employees who will be laid off will be identified by using the following criteria and the procedures outlined below.

SECTION 24.3 - PROCESS

SECTION 24.3.1

The District will first determine as accurately as possible the number of positions that need to be eliminated. From that number, the District will subtract the total number of employees, known as of the first Friday in April, who will be leaving the District for reasons of retirement, resignation, discharge, or non-renewal including those employees on provisional status.

SECTION 24.3.2

Educators must meet all state, federal licenses and/or certifications and requirements in order to be considered eligible for any position under consideration as a prerequisite for retention.

SECTION 24.3.3

The following categories and specialties are established to ensure the qualifications of personnel assigned to retained positions, to allow for the least disruption of the ongoing program and to cause the least deviation from the present assignment of personnel.

- A. Elementary teachers will be considered for retention in one (1) category (K-5).
- B. Secondary teachers will be considered for retention based on their level (6-8) for middle school and (9-12) for high school, as well as their subject assignment.
- C. Other certificated staff will be considered for retention according to their specialties.

SECTION 24.3.4

It is recognized that certificated employees of the District holding administrative or supervisory positions and not included in the bargaining covered by this Agreement may be eligible, under applicable Board Policy and Administrative Procedures, for retention in one (1) or more of the employment categories identified in section 3 above.

SECTION 24.3.5

Each certificated employee employed under a continuing contract shall be considered for retention in the employment category or categories for which they are qualified. The employee shall first be considered for retention in the category or specialty appropriate to the position held at the time of implementation of these procedures and then in any other categories for which they may be qualified due to provisions in this paragraph. An employee is qualified for a category if they have the proper certification, and if employed on or after September 1, 1987, has the proper endorsement.

SECTION 24.3.6

The District shall (1) retain those employees with continuing contracts over those with provisional contracts; and if more employees with continuing contracts remain then positions available, the District shall (2) retain those employees with the longest seniority.

SECTION 24.3.6.1

Seniority is defined as:

- A. District seniority is determined by the employee's contractual start date, not the date the employee received, signed, or returned a letter of intent or verbally committed to a contract.
- B. If there is a tie due to District seniority, then the determining factor would be placement on the salary matrix due to overall experience. Overall experience is the number of years of experience as recognized by the state of Washington for salary placement purposes.
- C. If all of the above are equal, then the reassignment will be determined by lottery.

SECTION 24.3.7

Recommendations for certificated staff reductions developed in accordance with these procedures will be presented to the Board prior to May 15. EXCEPT FOR, years in which the budget has not passed by the legislature by May 15, the District may give notice of non-renewal on or before June 1 and all affected employees shall be notified in writing of such action.

SECTION 24.3.8

All certificated employees who are not recommended for retention in accordance with these procedures will be laid off and placed in an employment pool for possible re-employment for a period of up to one (1) year.

Employment pool personnel will be given the opportunity to fill open positions within the categories or specialties identified in Section 24.3.3 for which they are qualified. If more than one (1) such employee is qualified for an open position, the most senior employee will be offered such position. Employees not reassigned, within one (1) year, to an equivalent position may, at their written request to the Superintendent or designee, have their name remain the reassignment pool. Such request must be submitted by the first Friday of February of each year.

SECTION 24.3.9

Within three (3) weeks of notification by the District that employee(s) have been placed in the employment pool, it is each employee's responsibility to notify the Superintendent or designee that such employee wishes to be removed from the pool.

It will also be the responsibility of each employee to notify, in writing, the Superintendent or designee by the first Friday in February of each year if such employee wishes to remain in the employment pool. If such notification is not received prior to this date, the name of any such employee will be dropped from the employment pool.

SECTION 24.3.10

When a vacancy occurs for which person(s) in an employment pool category qualify, notification from the District to such individual will be by certified mail. Such individual will have five (5) calendar days from the receipt of the certified letter to accept the position. If an individual fails to accept a position offered, such individual will be dropped from that employment pool category.

SECTION 24.3.11

It is the responsibility of the individual in the employment pool to keep the Human Resources Department informed of his/her current address/contact information (email, mailing address, and phone number).

SECTION 24.3.12

Those employees who have not been RIFed may apply for a one (1) year leave of absence without pay. The Superintendent will recommend favorable action by the board for any applicant if the granting of such leave would eliminate the need to lay off an employee. The employee taking such a leave of absence will be entitled to re-employment by the District for at least a period of time equal to the leave granted, regardless of whether their position had subsequently been RIFed.

SECTION 24.3.13

The District will utilize employment pool personnel as substitutes on a first priority basis.

SECTION 24.3.14

By the first Friday in February of each year, the Human Resources Department will provide to the Association the Preliminary Employee Seniority List. Employees who believe an error has been made in their seniority may notify the Human Resources Department of the alleged error by the first Friday in March. The seniority list is used in determining who is retained and who is laid off.

ARTICLE 25 | LEAVE REPLACEMENT CONTRACT EMPLOYEES

SECTION 25.1

Leave replacement contract employees are those hired by the District to fill vacancies created by leaves or job-sharing situations for all or part of a school year.

SECTION 25.2

Leave replacement contract employees will accrue seniority and retirement credit and will receive the same benefits as other members of the bargaining unit.

SECTION 25.3

As vacancies occur, leave replacement contract employees will be considered as candidates for those vacancies providing, they file a written statement of such desire with the Human Resources Office, and they meet the minimum District and state educational requirements for the vacancy. An interview will occur if the employee, the principal, and appropriate Director all mutually agree that one is necessary.

SECTION 25.4

Leave replacement contract employees will not be required to reapply for a vacancy in the same manner as a new job applicant.

SECTION 25.5

Leave replacement contract employees shall be subject to all provisions of state law.

The evaluation process shall recognize strengths, identify areas needing improvement, and provide support for professional growth. The evaluation system will encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluation by recognizing the importance of objective standards and minimizing subjectivity.

SECTION 26.1.1

The parties agree that the following evaluation system is to be implemented in a manner consistent with good faith and mutual respect, and as defined in [RCW 28A.405.110](#) “(1) An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation system must provide a mechanism to make meaningful distinctions among teachers/educators and to acknowledge, recognize, and encourage superior performance; and (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity.” Additionally, the parties agree that the evaluation process is one which will be implemented with collaboration between the evaluator and the bargaining unit member.

SECTION 26.1.2

All teachers will be evaluated using the District’s Professional Growth and Evaluation system (PGE). The PGE system consists of Comprehensive and Focused Strands. Both strands require teachers to set professional growth goals with their evaluator and to collect documentation / evidence demonstrating attainment of identified goal(s).

SECTION 26.1.3

evaluations will be aimed at the improvement of professional practice. All employees will be evaluated during each school year in accordance with the procedures and criteria set forth in this agreement and consistent with law. All new employees will be observed within the first ninety (90) calendar days of the commencement of their employment.

SECTION 26.2 - DEFINITIONS

Classroom teachers shall mean those staff with an assigned group of students who provide academically focused instruction and grades for students.

Component: shall mean the sub-section of each criterion.

Criteria: shall mean the eight (8) state-defined categories for teachers to be scored.

Domain: shall mean the four (4) categories for other educators to be scored.

Evaluator: shall mean a certificated administrator who has been trained in observation, evaluation and the use of the specific instructional framework and rubric referenced in this agreement and any relevant state or federal requirements.

Evidence: shall mean observed practice, products or results of certificated teachers' or educators' work that demonstrates knowledge and skills of the educator with respect to the four-level rating system. Evidence is to be "naturally harvested" from the teacher's/educator's actual work and performance of their duties and responsibilities and should be a representative sample of typical work.

Observe or Observation shall mean the gathering of evidence made through classroom or worksite visits, or other visits, work samples, or conversations that allow for the gathering of evidence of the performance of assigned duties for the purpose of examining evidence over time against the instructional or leadership framework rubrics pursuant to this section.

Other certificated educators shall mean certificated support personnel including: psychologists, teachers of the visually impaired, occupational therapists (OTs); physical therapists (PTs); speech language pathologists (SLPs); counselors; library media specialists; and instructional specialists including District program specialists for special education, career and technical education (CTE), Safety Net, and ML; technology integration specialists, curriculum and assessment specialists, and consulting teachers.

Preponderance of evidence: The evaluator will make a determination for level of performance for each component/criterion/domain based upon the preponderance of evidence. That means that taken as a whole, the evidence gathered is more likely than not to show that an employee's performance falls within a specific level of the rubric, i.e., Unsatisfactory, Basic, Proficient, or Distinguished.

Student Growth shall mean the change in student achievement between two points in time.

Student Growth Data shall mean relevant multiple measures that can include classroom-based, school-based, school District-based, and state-based tools.

SECTION 26.2.1 – SUMMATIVE PERFORMANCE RATINGS

(1) **Unsatisfactory:** Professional practice at Level 1 shows evidence of not understanding the concepts underlying individual components of the criteria. This level of practice is ineffective and inefficient and may represent practice that is harmful to student learning progress, professional learning environment, or individual teaching practice. This level requires immediate intervention.

(2) **Basic:** Professional practice at Level 2 shows a developing understanding of the knowledge and skills of the criteria required to practice, but performance is inconsistent over a period of time due to lack of experience, expertise, and/or commitment. This level may be considered minimally competent for teachers/educators early in their careers but insufficient for more experienced teachers/educators. This level requires specific support.

(3) **Proficient:** Professional practice at Level 3 shows evidence of thorough knowledge of all aspects of the profession. This is successful, accomplished, professional, and effective practice. Teaching at this level utilizes a broad repertoire of strategies and activities to support student learning. At this level, teaching is strengthened and expanded through purposeful, collaborative sharing and learning with colleagues as well as ongoing self-reflection and professional improvement.

(4) **Distinguished:** Professional practice at Level 4 is that of a master professional whose practices operate at a qualitatively different level from those of other professional peers. To achieve this rating, a teacher would need to have received a majority of distinguished ratings on the criterion scores. A teacher at this level must show evidence of average to high impact on student growth. Ongoing, reflective teaching and leading is demonstrated through the highest

level of expertise and commitment to all students' learning, challenging professional growth, and collaborative practice.

SECTION 26.3 – STATE CRITERIA AND FRAMEWORK

- A. The state teacher evaluation criteria are:
 - 1. Centering instruction on high expectations for student achievement;

 - 4. Providing clear and intentional focus on subject matter content and curriculum;
 - 5. Fostering and managing a safe, positive learning environment;
 - 6. Using multiple data elements to modify instruction and improve student learning;
 - 7. Communicating and collaborating with parents and the school community; and,
 - 8. Exhibiting collaborative and collegial practices focused on improving instructional practices and student learning.
- B. The District evaluation domains for other certificated educators are:
 - 1. Planning and preparation
 - 2. The environment
 - 3. Delivery of service
 - 4. Professional responsibilities
- C. Instructional Framework

The Association and District have agreed to the adopted evidence-based instructional framework developed by Charlotte Danielson and approved by OSPI. The Association and District have also agreed to Charlotte Danielson's frameworks for specialists for use with other certificated educators.

SECTION 26.4 – EVALUATION RESPONSIBILITY

SECTION 26.4.1

Within each school or department, the principal or unit administrator will be responsible for the evaluation of employees assigned to that school or department. An employee assigned to more than one

(1) school or department will be observed for the purpose of evaluation by the principal or unit administrator of each school or department. For such employees, the designated administrator will prepare evaluation reports based upon the observations and other evidence gathered by the building principals or unit administrators.

SECTION 26.4.2

Any principal or other supervisor may designate other certificated staff members to assist in the observation and evaluation process, provided that such staff members are not members of the bargaining unit represented by the Association (see exception below).

SECTION 26.5 – ADMINISTRATIVE INTERNS EVALUATION BARGAINING UNIT MEMBERS

The Lake Washington School District provides opportunities for administrative interns to practice and develop their administrative skills through assignments as interns. The District and the Association recognize the need for such opportunities and wish to cooperate wherever possible in their implementation. Evaluation of certificated staff is a major function of administrators, and the District and

Association agree that opportunities for interns to develop their evaluation skills should be provided where possible. Therefore, the District and the Association agree that administrative interns, as part of an accredited intern program, may evaluate bargaining unit members subject to the following conditions:

- A. Bargaining unit members may be evaluated by administrative interns on a voluntary basis and may opt to return to being evaluated by the building principal or other building administrator at any time.
- B. Administrative interns will evaluate bargaining unit members under the direct supervision of the building principal or other building administrator.
- C. Should it be determined that a bargaining unit member's performance is in need of improvement or is unsatisfactory, the administrative intern will immediately turn over to the building principal or other building administrator all responsibilities for evaluating such bargaining unit member.
- D. The building principal or other building administrator will be responsible for signing the summary evaluation.
- E. The administrative intern must have had training in supervision and must have received the appropriate training before working with the evaluation system.
- F. The bargaining unit members being evaluated by the intern must have received an overall proficient evaluation at the end of the previous year in the District.

SECTION 26.6 – PROFESSIONAL GROWTH AND EVALUATION TRAINING (PGE)

SECTION 26.6.1

Prior to being evaluated under Article 26, the District shall provide professional development relevant to the adopted instructional framework and evaluation process. Each teacher/educator shall receive adequate professional development to comprehend the framework and understand the evaluation process.

- Annual PGE training will be developed in collaboration with teacher input to ensure consistency and relevancy.
- Annual PGE training will be differentiated.

SECTION 26.6.2

Annually, no later than September 15, a group meeting will be held between each school principal and certificated staff. The purpose of the meeting will be to review and discuss the evaluation process including the evaluation criteria, the process used in collection of data, and the purpose of evaluation. As a part of this annual training, building administrators and educators will work to develop a shared understanding of effective practice as outlined by the Danielson framework. Possible examples of evidence will be provided. Any employees who are absent from the meeting will attend a make-up session with the supervisor/principal.

SECTION 26.6.3

Employees will not be observed for the purpose of evaluation until they have attended such a meeting or had the same material explained.

SECTION 26.6.4

No teacher/educator shall be evaluated by an evaluator who has not been trained in observation, evaluation, and the use of the specific instructional framework and rubrics contained in this agreement and any relevant state or federal requirements. The District will provide training and/or coaching for evaluators on how to evaluate the performance of individuals from historically marginalized communities; and how to provide clear and consistent growth orientated feedback.

SECTION 26.7 – OVERVIEW AND PROCESS

SECTION 26.7.1

All employees will be evaluated during each school year in accordance with the procedures and criteria set forth in this agreement and consistent with law. All new employees will be observed within the first ninety (90) calendar days of the commencement of their employment. All teachers/educators will be evaluated using the District's Professional Growth and Evaluation (PGE) system. The District will create a one-page resource updated annually that includes dates and deadlines for logs, observations, conferences, etc. for focused and comprehensive cycles. PGE log due dates will align with District calendar with recognition with times that teachers are highly impacted.

The PGE system consists of two (2) strands, Comprehensive and Focused. The teacher/educator will be notified in advance as to his/her evaluator and whether the teacher/educator will be evaluated using a comprehensive or focused evaluation. Both evaluation strands require teachers/educators to:

- A. Complete the District-determined annual self-assessment prior to meeting with the evaluator but no later than September 30. Teachers/educators may choose whether to share the self-assessment form with their evaluator.
- B. Meet individually with their evaluator prior to November 1:
 - a. To discuss the teacher's/educator's strengths and areas of professional growth related to applicable criteria/domains.
 - b. To discuss and define documentation/evidence which demonstrate attainment of identified goal(s); and,
 - c. For teachers, to establish goals for student growth. PLCs, in conjunction in discussion with evaluators, can opt for a joint goal setting conference.
 - d. During goal setting conference, evaluator and focused year teacher will discuss how and when evidence collection will look for their goal.
- C. Create a collaborative PGE Support Team prior to November 1 to assist them in attainment of their identified goals and meet throughout the year. When possible, the PGE Support Team should be the same as the teacher's PGE team as identified in [Appendix J.](#)
- D. Educators will submit two logs during the year: a Goal Setting log and Summative log.
- E. Meet individually with their evaluator prior to June 1 to review documentation/evidence related to the performance level(s) on applicable criteria/domains and, for teachers, goals for student growth, which determines the final summative score.

SECTION 26.7.2 – RECORD KEEPING

- A. Final summative evaluations will be delivered to the teacher/educator by June 1.
- B. The teacher/educator will sign the Final Summative Evaluation Report to indicate receipt. Each teacher/educator shall also sign the observation and evaluation forms to indicate receipt. The signature of the teacher does not necessarily imply that the teacher/educator agrees with its contents.
- C. A copy of the final summative evaluation and the teacher's/educator's written comments, if applicable, shall be included in the teacher's/educator's personnel file.
- D. Any release of evaluation data will be in accordance with established law.

SECTION 26.8 – EVIDENCE

SECTION 26.8.1

Evidence means observed products or results of a teacher's work that demonstrates knowledge and skills of the teacher with respect to the four-level rating system. Evidence is gathered through formal observations, informal observations, teacher-provided artifacts, and other means.

In addition to goal setting and summative conferences and logs, and in consultation with their evaluator regarding additional evidence to consider, educators can submit evidence or artifacts to their evaluator or through the evaluation tool throughout the year.

SECTION 26.8.2 – INFORMAL OBSERVATIONS

- A. An informal observation is an observation that is not required to be pre-scheduled.
- B. An evaluator may conduct any number of informal observations.
- C. Observations do not have to be in the classroom. For example, department or collegial meetings may be used for informal observations.
- D. Informal observations may serve as an opportunity for formative feedback. If there are concerns regarding the teacher's/educator's level of performance based upon informal observations, the evaluator will document the concern and schedule a time to discuss with the employee.
- E. Comprehensive and Focused teachers can initiate an informal observation with the intention of providing evidence for their goal and/or receiving feedback.

SECTION 26.8.3 – FORMAL OBSERVATIONS

Pre-Observation Conference

The pre-observation conference shall be held prior to each formal observation. The teacher/educator and evaluator will mutually establish the date of the observation and determine the date for the pre-observation conference. The purpose of the pre-observation conference is to review the teacher's/educator's written lesson plan, its content, objectives, and the instructional strategies to be observed. Pre and post observations will have reflective and growth-oriented prompts.

Formal Observations

The total annual observation time cannot be less than sixty (60) minutes. Any formal observation shall not be less than thirty (30) minutes in length.

- 1. New employees must be formally observed at least once for a minimum of thirty (30) minutes during the first ninety (90) calendar days of employment, and at least one other time during the school year for a total of not less than sixty (60) minutes of observations over the course of the school year.
- 2. Employees in their third year of provisional status must be observed at least three (3) times in the performance of their assigned duties for a minimum total observation time of ninety (90) minutes.

Post-Observation Conference

- 1. Within five (5) working days of a formal observation the evaluator will hold a reflective post-observation conference with the employee. The purpose of the post-observation conference is to review the evaluators and teacher's/educator's evidence related to the scoring criteria/domains during the observation, and to discuss the teacher's/educator's overall performance and progress to date in all criteria/domains. Pre and post observations will have reflective and growth-oriented prompts.

2. Following each post-observation conference, the evaluator will fill out the formal observation report. The employee will be provided with a copy within three (3) working days following the post-conference. For teachers, this report will reflect progress on all eight (8) criteria as discussed during the post-observation conference. For other certificated educators, this report will reflect progress on all four (4) domains as discussed during the post-observation conference. If there is an area of concern, the evaluator will identify specific concerns for the applicable criteria/domains and provide, in writing, possible solutions to remedy the concern. If the evaluator finds the employee to be unsatisfactory in any criterion/domain or component, the employee shall be placed on a structured support plan. The evaluator will state in writing the specific areas of performance needing improvement and the assistance that will be provided. For NTSP new teachers' evaluators will provide feedback and prioritized action steps using the components identified in the green line/blue line document.
3. The evaluator will document all formal observations using the negotiated form. The employee will be requested to sign the District's copy of the formal observation report. The signature of the employee does not necessarily imply that the employee agrees with the contents of the report. The employee may attach a written statement to the formal observation report.

SECTION 26.8.4 – OTHER TYPES OF EVIDENCE

For teachers - Evidence of student growth

Evidence of teacher's performance level in the eight (8) criteria and other certificated educator's performance level in the four (4) domains may also include the following:

- A. Student work
- B. Lesson plans, unit plans
- C. Reading logs, workshop participation, committee participation, academic records, portfolios, college transcripts, conference notes, professional writings, video, action research, parent comments, surveys, data

SECTION 26.9 – STUDENT GROWTH GOALS

SECTION 26.9.1 – TEACHERS ON A COMPREHENSIVE EVALUATION CYCLE

The teacher shall determine a student growth goal for Criterion 3: Components SG-3.1; Criterion 6: Component SG-6.1; and Criterion 8: Component SG-8.1. The goal for SG 3-3.1 and SG-8.1 or SG-6.1 and SG-8.1 may be the same goal. Student growth data must be a substantial factor utilizing the OSPI-approved student growth rubrics.

SECTION 26.9.2 – TEACHERS ON A FOCUS EVALUATION CYCLE

The focused evaluation will include the student growth rubrics of the selected criterion. If the criterion 3, 6, or 8 are selected, evaluators will use those student growth rubrics. If criterion 1, 2, 4, 5, or 7 is selected, evaluators will use criterion 3 or 6 student growth rubrics based on a mutual agreement between the evaluator and the teacher.

SECTION 26.10 – COMPREHENSIVE EVALUATION

SECTION 26.10.1

All teachers/educators in their first four (4) years of employment with the District and/or on a provisional contract will be on the Comprehensive Evaluation strand, and are expected to perform, at a minimum, at the basic level in all criteria/domains and components. The proficient level must be reached in all criteria/domains and components by the end of the third year of teaching.

SECTION 26.10.2

For teachers, the evaluation is an evidence-based determination of the teachers' performance level using the instructional framework rubrics and the OSPI-approved student growth rubrics. More than one (1) measure of student growth data must be used in scoring the student growth rubrics. All criteria must contribute to the overall summative evaluation.

SECTION 26.10.3

For other certificated educators, the evaluation is an evidence-based determination of the educators' performance level using the designated specialist framework rubrics. All domains must contribute to the overall summative evaluation.

SECTION 26.10.4

Employees on a continuing contract evaluated as unsatisfactory in any criteria/domains or component at any time shall be placed on a structured support plan.

SECTION 26.10.5

Employees on a continuing contract (excluding teachers on a provisional contract), after their third year of teaching, who receive either an overall basic score on the summative evaluation or a basic score in any one or more of the same components for two consecutive observation cycles shall be placed on a structured support plan.

SECTION 26.11 – SCORING FOR COMPREHENSIVE SUMMATIVE EVALUATION

SECTION 26.11.1 – INSTRUCTIONAL FRAMEWORK

The District and the Association have agreed to the adopted research-based instructional framework developed by Charlotte Danielson and approved by OSPI. The Association and District have also agreed to Charlotte Danielson's frameworks for specialists for use with other certificated educators.

SECTION 26.11.2 – COMPONENT SCORING - TEACHERS

There are multiple components within each of the eight (8) criteria. The evaluator will use the descriptors for each component to determine the performance level rating as defined in the adopted instructional framework. The ratings are identified as Unsatisfactory, Basic, Proficient, or Distinguished.

SECTION 26.11.3 – CRITERION SCORING – TEACHERS

The rating on each component contributes to the related criterion score.

A. Each component rating will be assigned the following numeric values:

Unsatisfactory – 1

Basic – 2

Proficient – 3

Distinguished – 4

- B. The criterion score is determined by averaging the components associated with the criterion, rounded to reach a final score. When a final criterion score includes a fractional number (e.g., 2.3), all fractional scores below .5 will be rounded down and all fractional scores .5 or above will be rounded up. If any component is rated as Unsatisfactory, the overall criterion shall be scored as a 1.

SECTION 26.11.4 – SUMMATIVE CRITERIA SCORE - TEACHERS

A classroom teacher shall receive summative criteria score for each of the eight (8) state evaluation criteria. The overall summative score is determined by totaling the eight (8) criterion-level scores as follows:

8 -14	Unsatisfactory	(Level 1)
15-21	Basic	(Level 2)
22-28	Proficient	(Level 3)
29-32	Distinguished	(Level 4)

SECTION 26.11.5 – STUDENT GROWTH IMPACT RATING – TEACHERS

Upon completion of the summative criteria scoring process, the evaluator will combine only the student growth rubric scores that are embedded in the instructional framework. These five (5) components are SG 3.1, SG 3.2, SG 6.1, SG 6.2, and SG 8.1. The raw score is the sum of these components, which determines the student growth impact rating as follows:

5-12	Low
13-17	Average
18-20	High

An unsatisfactory rating on any SG component shall result in a student growth inquiry.

SECTION 26.11.6 – FINAL SUMMATIVE SCORE – TEACHERS

The Final Summative Score will be the same as the Summative Criteria Score, with the following exceptions:

- A. If a teacher receives a 4 (Distinguished) summative score and “Low” student growth impact rating, they receive a final summative score of Proficient.
- B. If a teacher receives a 1 (Unsatisfactory) summative score and high student growth impact rating, the teacher’s evaluation will be reviewed by the evaluator’s supervisor.

SECTION 26.11.7 – COMPONENT SCORING – OTHER CERTIFICATED EDUCATORS

There are multiple components within each of the four (4) domains. The evaluator will use the descriptors for each component to determine the performance level rating as defined in the adopted specialist framework. The ratings are identified as Unsatisfactory, Basic, Proficient, or Distinguished.

SECTION 26.11.8 – DOMAIN SCORING – OTHER CERTIFICATED EDUCATORS

The rating on each component contributes to the related domain score.

A. Each component rating will be assigned the following numeric values:

Unsatisfactory – 1

Basic – 2

Proficient – 3

Distinguished – 4

B. The domain score is determined by averaging the components associated with the domain, rounded to reach a final score. When a final domain score includes a fractional number (e.g., 2.3), all fractional scores below .5 will be rounded down and all fractional scores .5 or above will be rounded up. If any component is rated as Unsatisfactory, the overall domain shall be scored as a 1.

SECTION 26.11.9 – SUMMATIVE DOMAIN SCORE – OTHER CERTIFICATED EDUCATORS

Certificated educators shall receive a summative domain score for each of the four (4) evaluation domain. The overall summative score is determined by totaling the four (4) domain-level scores as follows:

4-7	Unsatisfactory	(Level 1)
8-10	Basic	(Level 2)
11-14	Proficient	(Level 3)
15 -16	Distinguished	(Level 4)

SECTION 26.12 – FOCUSED EVALUATION

SECTION 26.12.1

The focused evaluation is meant for proficient and distinguished teachers/educators and its purpose is formative to support professional growth. A Focused teacher/educator is required to complete all aspects of the PGE process. All aspects of the PGE process will be scored in accordance with the negotiated agreement. The final summative score will be generated based on Section 26.12.6.2.

SECTION 26.12.2

Non-provisional, continuing contract teachers in year 5 of employment or beyond, whose performance level is proficient or higher in all criteria/domain, will be on the Focused Evaluation strand, and Non-provisional, continuing contract other-certificated educators in year 5 of employment or beyond, whose performance level is proficient or higher in all four (4) criteria/domain, will be on the Focused Evaluation strand.

For teachers, the default criterion for the Focused Evaluation will be criterion 8 unless the teacher and evaluator mutually agree to a different criterion. Staff members that are on Focused Evaluation have the flexibility to choose criterion that best fits their area of growth in accordance with 26.9.2. For other certificated educators, the Focused Evaluation will be an evaluation of Domain 4 of the District domains unless the other certificated educator and evaluator mutually agree to a different

domain. Every sixth (6th) year teachers/educators on the Focused Evaluation strand will be evaluated using the Comprehensive Evaluation process.

- Teachers have the opportunity for regular feedback outside of the comprehensive cycle to ensure teacher growth.
- Focused teachers will be observed for 60 minutes. Observations may include duties that occur outside of the classroom.
- For Focused teachers, observational data can be collected in goal setting conferences and summative conferences.
- Building Administrators will provide feedback to focused evaluation teachers related to their area of growth multiple times a year.

SECTION 26.12.3

To continue on the Focused Evaluation strand, teachers/educators are expected to perform, at a minimum, at the proficient level in all criteria/domains. For teachers, the evaluation is an evidence-based determination of the teachers' performance level using the instructional framework rubrics and the superintendent of public instruction approved student growth rubrics. More than one (1) measure of student growth data must be used in scoring the student growth rubrics. For other certificated educators, the evaluation is an evidence-based determination of the educators' performance level using the designated specialist framework rubrics.

SECTION 26.12.4

If an evaluator is concerned that an employee on the Focused Evaluation strand is not meeting minimum evaluation criteria/domains, the evaluator and employee will schedule a conference to share the concerns with the teacher/educator in writing using the LWSD Focused teacher feedback form. In order to support the teacher's improved practice, a structured support plan will be developed and implemented specific to the concerns identified during the feedback conference and documented on the LWSD Focused teacher feedback form. If the concern is identified and shared before December 15, the teacher/educator shall also be placed on the Comprehensive Evaluation strand.

SECTION 26.12.5

If, at the conclusion of the structured support plan, the Focused teacher/educator is deemed to be Proficient or better in all criteria/domains, the teacher/educator will remain on the Focused Evaluation strand. In the event an evaluator notified a Focus teacher/educator of concerns at the end of the formal evaluation cycle the teacher/educator will be placed on the Comprehensive Evaluation strand and the structured support plan for the teacher/educator will be continued. In the event the evaluator documents concern at or after the summative evaluation conference, the Focused teacher/educator will be placed on the Comprehensive strand and a structured support plan will be developed and implemented at the beginning of the next school year.

SECTION 26.12.6 – SCORING FOR FOCUSED EVALUATION

SECTION 26.12.6.1 – INSTRUCTIONAL FRAMEWORK

The District and the Association have agreed to the adopted research-based instructional framework developed by Charlotte Danielson and approved by OSPI. The Association and District have also agreed to Charlotte Danielson's frameworks for specialists for use with other certificated educators.

SECTION 26.12.6.2 – COMPONENT SCORING – TEACHERS

The evaluator will use the descriptors for each component within the selected Focused Evaluation criterion to determine the performance level rating as defined in the adopted instructional framework. The ratings are identified as Unsatisfactory, Basic, Proficient, or Distinguished.

A summative score is assigned using the summative score from the most recent comprehensive evaluation. This score becomes the focused summative evaluation score for any of the subsequent years following the comprehensive summative evaluation in which the certificated classroom teacher is placed on a Focused evaluation. Should a teacher provide evidence of exemplary practice on the chosen focused criterion, a level 4 (Distinguished) score may be awarded by the evaluator if the previous summative evaluation score was rated proficient.

SECTION 26.12.6.3 – STUDENT GROWTH - TEACHERS

An unsatisfactory rating on the selected student growth goal components shall result in a student growth inquiry.

SECTION 26.12.7 – COMPONENT SCORING – OTHER CERTIFICATED EDUCATORS

The evaluator will use the descriptors for each component within the selected Focused Evaluation domain to determine the performance level rating as defined in the adopted specialist framework. The ratings are identified as Unsatisfactory, Basic, Proficient, or Distinguished.

SECTION 26.13 – STUDENT GROWTH INQUIRY – TEACHERS

SECTION 26.13.1

Within two (2) months of receiving the low student growth score or at the beginning of the following school year, one (1) or more of the following must be initiated by the evaluator:

- A. Examine student growth data in conjunction with other evidence including observation, artifacts and other student and teacher information based on appropriate classroom, school, District, and state-based tools and practices;
- B. Examine extenuating circumstances which may include one (1) or more of the following: goal setting process; content and expectations; student attendance; extent to which standards, curriculum and assessment are aligned;
- C. Schedule monthly conferences focused on improving student growth to include one (1) or more of the following topics: Student growth goal revisions, refinement, and progress; best practices related to instruction areas in need of attention; best practices related to student growth data collection and interpretation;
- D. Create and implement a professional development plan to address student growth areas.

SECTION 26.14 – STRUCTURED SUPPORT PLAN

Professional Learning Specialists are TOSAs who are trained to support their colleagues in areas of instructional growth identified in the SSP.

Department Specialists are TOSAs that will be asked to volunteer and then be trained to support their colleagues in areas of instructional growth identified in the SSP.

A structured support plan will be developed and implemented when any teacher/educator receives a score of unsatisfactory or a teacher/educator with more than three (3) years of experience receives either an overall

basic score on the summative evaluation or a basic score in any one or more of the same components for two consecutive observation cycles. Additional support shall be granted to the employee to support their professional development. Support shall include the development of a plan that outlines the area(s) of deficiencies, additional supports, expectations, and strategies for improvement. The District will provide a clear pathway and process for teachers on a structured support plan, so they know what to improve and how to get there. A teacher on a SSP has clearly defined steps to get additional feedback.

Teachers/Educators receiving structured support will receive consultation and support from an LWSD Professional Learning Specialist. Staff from historically marginalized communities on an SSP can identify a Professional Learning or Department Specialist with whom they would prefer to work. The teacher will be expected to meet with the Professional Learning or Department Specialist to review the structured support plan. The teacher/educator receiving structured support will have the option to continue receiving consultation and support for the implementation of the goals and expectations of the plan.

Teachers/educators who successfully improve their summative scores to proficient or higher will be removed from the structured support plan and returned to the regular evaluation cycle.

SECTION 26.15 – PROBATION

The Superintendent or designee shall administer the probationary process in accordance with the law.

SECTION 26.16 – NON-RENEWAL (DISCHARGE)

SECTION 26.16.1

Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer constitutes grounds for a finding of probable cause for non-renewal.

SECTION 26.16.2

Probationary and Provisional Educators who will not be renewed will be notified by May 15 or in accordance with the law.

SECTION 26.16.3

When a continuing contract educator with five (5) or more years of experience receives a comprehensive summative evaluation rating of 1 – Unsatisfactory for two (2) consecutive years or for two (2) years within a consecutive three (3) year period, the District shall, within ten (10) days of the completion of the Final Evaluation Conference or May 15, whichever occurs first, implement the teacher notification of non-renewal (discharge) as provided in [RCW.28A.405.300](#).

SECTION 26.16.4

The educator who is, at any time, issued a written notice of probable cause for non-renewal or discharge by the Superintendent pursuant to this Article shall have ten (10) days following receipt of said notice to file any notice of appeal as provided by statute or by this Agreement.

SECTION 26.17 – APPEAL BY EMPLOYEE

Any employee, receiving notice of probable cause for non-renewal, as provided by this Article, may only request a hearing pursuant to state law. If the parties fail to mutually agree on a hearing officer, such officer will be selected in accordance with state statute. The decision of the Board or the hearing officer, as the case may be, will be final, subject to appeal according to law.

- A. All monitoring or observation of the performance of an employee will be conducted openly.
- B. In the event an employee files a grievance relative to implementation of any section of this Article, the District will not be prevented from proceeding with such implementation pending resolution of the grievance.

ARTICLE 27 | CONFLICT RESOLUTION AND GRIEVANCES PROCEDURE

SECTION 27.1 - DEFINITIONS

Conflict: a misunderstanding, disagreement, or discord in the work environment.

Conflict Resolution: involves the affected parties interacting respectfully, collaboratively, and productively to resolve conflict.

Grievance: a claim by a grievant that there has been a violation, misinterpretation, or misapplication of any Article or Section of this Agreement and may be processed as hereinafter provided.

Grievant: may be an employee, group of employees, or the Association.

SECTION 27.2 – INDIVIDUAL CONCERNS

When a conflict occurs in a building, the employee shall first attempt to resolve the concern with his/her principal or supervisor before involving Association representation with Labor Management. The employee is encouraged to bring his/her LWEA building representative to said meeting. The principal or supervisor will have the opportunity to resolve the concern or complaint at the site level prior to involving Labor Management. Such discussion will attempt to resolve the issue without it being considered part of the formal grievance procedure. No adjustment of the complaint will be inconsistent with the terms of the Agreement.

SECTION 27.3 – LABOR MANAGEMENT MEETINGS

The Association and District agree to meet weekly to discuss issues and attempt to resolve concerns that affect members of the bargaining unit. Either party may bring issues/topics to the meetings. Any meeting may be cancelled by mutual agreement.

SECTION 27.4 – STEP 1: ORAL DISCUSSION – INFORMAL PROCEDURE

In the event that a grievant believes there is a basis for a grievance, the grievant shall first discuss the issue with his/her building principal or other appropriate supervisor either individually or accompanied by an Association representative. If the grievance is not thus resolved, the employee may seek to resolve the issue with the person involved with assistance of a mediator if needed. The mediator will be selected from a mutually agreed upon list. If the grievance is not thus resolved, formal grievance procedures may be instituted. However, the exhaustion of the informal procedure is not a condition precedent in invoking the formal grievance procedure.

SECTION 27.5 – STEP 2: FORMAL PROCEDURE – WRITTEN NOTIFICATION

The grievant may invoke the formal grievance procedure through the Association. The grievance will be reduced to writing and will contain at least the following:

- A. Statement of the grievance.
- B. Reference to the Article and/or Section of the Agreement that is claimed to have been violated, misinterpreted, or misapplied.
- C. Remedy sought.

A copy of the grievance form will be delivered to the principal or appropriate supervisor. If the grievance involves more than one (1) school building or directly involves an administrator other than the grievant's immediate supervisor, it will be filed with the Human Resources Department for proper routing. A grievance must be filed within thirty (30) school days of the occurrence of which the grievant complains or within thirty (30) school days from when the grievant should reasonably have had knowledge of such occurrence, whichever is later. Grievances not submitted within the thirty (30) school days will be considered invalid. Within ten (10) school days of receipt of the written grievance, the principal or appropriate supervisor will meet with the grievant and the Association in an effort to resolve the grievance. The administrator will indicate his/her disposition of the grievance in writing within ten (10) school days of such meeting and will furnish a copy thereof to the grievant and the Association.

SECTION 27.6 – NEXT LINE ADMINISTRATOR

If the grievant or Association is not satisfied with the disposition of the grievance at Step 2, the grievance will be submitted within ten (10) school days of the meeting as outlined in Step 2 to the next appropriate line administrator. The parties will have ten (10) school days from receipt of the written grievance to meet and attempt to resolve the grievance. The administrator will indicate his/her disposition of the grievance in writing within ten (10) school days of such meeting and will furnish a copy thereof to the grievant and the Association.

SECTION 27.7 – STEP 4: FORMAL PROCEDURE – APPEAL TO SUPERINTENDENT

If the grievant or the Association is not satisfied with the disposition of the grievance at Step 3, the grievance may be transmitted to the Superintendent. Such transmittal will take place within fifteen (15) school days of the meeting at Step 3. Within ten (10) school days, the Superintendent or his/her designee will meet with the grievant and the Association on the grievance and will indicate his/her disposition of the grievance in writing within ten (10) school days of such meeting and will furnish a copy thereof to the grievant and the Association.

SECTION 27.8 – STEP 5: ARBITRATION

If no settlement has been reached at Step 4, the grievance, at the option of the Association, may be submitted to binding arbitration.

The Association will give the Superintendent written notice of intention to arbitrate within twenty (20) school days of the meeting as outlined in Step 4. If the parties cannot agree as to the arbitrator within ten (10) school calendar days from the notification date that arbitration will be pursued, the arbitrator will be selected in accordance with the American Arbitration Association rules, which rules will likewise govern the arbitration proceeding. The District and the Association will not be permitted to assert in such arbitration preceding any ground or rely on any evidence not previously disclosed to the other party. The decision of the arbitration will be final and binding upon both parties.

SECTION 27.9 – ARBITRATION COSTS

Each party will bear its own costs of arbitration, except that the Association and the District will share the fees and charges of the arbitrator equally.

SECTION 27.10 – JURISDICTION OF THE ARBITRATOR

The arbitrator will have no power to alter, add to, or subtract from the terms of this Agreement. The arbitrator will decide all substantive and procedural arbitrability issues. Upon request of either party, the merits of a grievance and the substantive and procedural arbitrability issues arising in connection with that grievance will be consolidated for hearing before an arbitrator; provided, the arbitrator will not resolve the question of arbitrability of a grievance prior to having heard the merits of the grievance.

SECTION 27.10.1

The award of the arbitrator may be entered in any court of competent jurisdiction by either party. If a motion to vacate the arbitrator's award is entered in a court of competent jurisdiction, and the initiating party does not prevail in the litigation, such party will bear the full costs of such action including, but not limited to, the adverse party's court costs, legal fees and other related expenses incurred as a result of defending such action. The court will determine such court costs, legal fees, and related expenses.

SECTION 27.11 – TIME LIMITS

The time limits provided in this Article will be strictly observed unless extended by written agreement of the parties. In the event a grievance is filed after May 15 of any year, the parties will use their best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible. Failure of the grievant to proceed with his/her grievance within the times herein before provided will result in the dismissal of the grievance. Failure of the District to take the required action within the times provided will entitle the grievant or Association, as the case may be, to proceed to the next step on the grievance procedure.

SECTION 27.12 – GRIEVANCE AND ARBITRATION HEARINGS

The time limits provided in this Article will be strictly observed unless extended by written agreement of the parties. In the event a grievance is filed after May 15 of any year, the parties will use their best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible. Failure of the grievant to proceed with his/her grievance within the times herein before provided will result in the dismissal of the grievance. Failure of the District to take the required action within the times provided will entitle the grievant or Association, as the case may be, to proceed to the next step on the grievance procedure.

SECTION 27.13 - DISPOSITION

In arriving at any disposition or settlement, neither party will have the authority to alter this Agreement.

SECTION 27.14 – CONTINUITY OF GRIEVANCE

Notwithstanding the expiration of this Agreement, any grievance arising hereunder may be processed through the grievance procedure until resolution.

SECTION 27.15 - EXCLUSIONS

Appeal of non-renewal due to implementation of the Retention, Lay-off and Recall provisions of the Agreement is excluded from the grievance procedure.

SECTION 27.16

Individuals facing discharge shall elect either the statutory or grievance process.

ARTICLE 28 | BARGAINING UNIT WORK

SECTION 28.1

The District will not assign bargaining unit work to non-bargaining unit employees, provided however, that the District may hire short-term unrepresented substitutes to replace absent bargaining unit members.

ARTICLE 29 | STUDENT TEACHERS AND INTERNS

SECTION 29.1

The employees subject to this Agreement are encouraged to voluntarily participate in student teacher/intern training.

SECTION 29.2

The participating employee will receive all honorariums as provided by the participating colleges and/or universities.

ARTICLE 30 | ATTENDANCE INCENTIVE PROGRAM

SECTION 30.1

In January of the year following any year in which a minimum of sixty (60) days of leave for illness or injury is accrued, and each January thereafter, any eligible employee may exercise an option to receive remuneration for unused leave for illness or injury accumulated in the previous year at a rate equal to one (1) day's monetary compensation of the employee for each four (4) full days of accrued leave for illness or injury in excess of sixty (60) days. Leave for illness or injury for which compensation has been received will be deducted from accrued leave for illness or injury at the rate of four (4) days for everyone (1) day's monetary compensation: provided, that no employee may receive compensation under this section for any portion of leave for illness or injury accumulated at a rate in excess of one (1) day per month.

At the time of separation from school District employment due to retirement or death an eligible employee or the employee's estate will receive remuneration at a rate equal to one (1) day's current monetary compensation of the employee for each four (4) full days accrued leave for illness or injury.

SECTION 30.2

The provisions of this section will be administered in accordance with state law and applicable state rules and regulations. Should the legislature revoke any benefits granted under this section, no affected employee will be entitled thereafter to receive such benefits as a matter of contractual right.

ARTICLE 31 | NO STRIKE – NO LOCK OUT

SECTION 31.1

During the term of this Agreement, the Association, its members, its officers, or agents, acting individually or in concert with others, regardless of whether an unfair labor practice is alleged, will not engage in any strike, slowdown, or work stoppage against the District, and the District will not lock out any employee covered by this Agreement. The Association shall not be precluded from participating in a Washington Education Association related statewide action.

ARTICLE 32 | DURATION OF AGREEMENT AND REOPENING

SECTION 32.1 - DURATION

This Agreement is a collective bargaining agreement which becomes effective August 11, 2023, and which will continue in full force and effect until August 10, 2027.

SECTION 32.2 CONTINGENT REOPENERS

In January of the 2025 school year the District and Association may reopen the contract for the following reasons:

- To revisit the salary matrix should additional allocations of funding be available to the district.
- To discuss changes in secondary special education program implementation.
- To revisit work group data that the District and Association mutually agree impacts the CBA.

- Additional Resources

SECTION C.1.1

In order to ensure the continuity and quality of the District's educational programs the District retains the right to determine the employment and retention of substitutes on the District substitute list. This may include limiting the buildings/grade levels available to individual substitutes.

SECTION C.2

Teachers will be provided the opportunity to provide input to the District regarding the effectiveness and/or concerns they have encountered as a result of a substitute having covered their class.

SECTION C.3

Selection and retention of substitute teachers is the sole discretion of the District. Any substitute who, based on information provided to the District on the Substitute Feedback form, is not recommended for consideration of substituting in the future, may be removed from the District substitute list at the sole discretion of the District.

SECTION C.4

The daily rate of pay for Substitute Teachers for 2023-24 will be \$209.00. This rate shall be adjusted in accordance with Section C.9 below. In addition, daily substitute work performed on a Friday will be compensated at a Friday Super Rate of \$234.00 for a full-day and \$117.00 for a half-day (3 ½ hours).

SECTION C.5

When substitutes work a half day (3 ½ hours) or less they will be paid ½ the substitute rate. When substitutes work more than three and a half (3 ½) hours they will be paid the daily substitute rate. When the regular teacher returns to the classroom prior to the conclusion of the substitute's assigned full or half day, the substitute will remain for their entire assignment (half or full day) and may assist the teacher or perform other work as assigned by the principal.

SECTION C.6

Substitutes who work six (6) to twenty (20) consecutive days in the same assignment shall be paid \$215.00 per day.

SECTION C.7

Teachers who are retired from Lake Washington School District and who are placed on the substitute list shall be paid at \$236.00 per day or \$118.00 for a half ($\frac{1}{2}$) day. Retired District teachers who work six (6) to twenty

A day shall be equal to one (1) full day or two (2) half days. This bonus will be paid at the end of the school year in the July paycheck.

SECTION C.9

Long-term substitute assignments in excess of twenty (20) days will be paid at the contract teacher rate, retroactive to the first day of assignment, except that when, in the judgment of Human Resources, the assignment appears at the onset to be a long-term assignment, the contract teacher rate may be paid from the beginning of the assignment.

Substitutes working multiple continuous, sequential assignments in the same school building agreed to by building administration, and with each assignment being no less than 10 consecutive student school days, will receive compensation commensurate with a long-term sub assignment.

Compensation for long-term sub teachers will not be penalized for taking pre-approved absences or sick leave.

SECTION C.10

The rates specified in C.4, C.6, and C.7 above shall be adjusted by the same percentage amount by which the regular teacher salary may be adjusted.

SECTION C.11

If the daily rate for substitute teachers is adjusted during any fiscal year as a result of an adjustment to the regular teacher salary, such adjustment will only apply prospectively from the date of the agreement between the Association and the District. Substitute salary adjustments will not be retroactively applied to days worked prior to such agreement.

SECTION C.12

The above salary is based on a full teacher workday, including planning time (if applicable). Whenever a substitute is required by an administrator to cover a class during his/her scheduled planning time, or when covering for a teacher with a super contract, the substitute will receive additional compensation for this added responsibility. Such compensation will be at the substitute hourly rate of pay.

SECTION C.13

- after 6:00 a.m. high school/Transition Academies
- after 6:30 a.m. for elementary/pre-school

Shall be paid one (1) hour at the substitute rate of pay.

Substitute teachers who have reported to work when a subsequent closure occurs will be paid a minimum of a half (½) day of substitute pay.

SECTION C.14

Represented substitute teachers will earn paid sick leave according to the law per I-1433 (or RCW49.46.210)

Definition: Assignment – an assignment means the substitute has accepted the scheduled work. The substitute would need to cancel the position but also contact the substitute office, via email, to inform the substitute coordinator that they are canceling for purposes of sick leave. A substitute who declines an offer of work is not eligible for sick leave.

The District's responsibility:

- Paid Sick Leave is earned at a rate of one hour for every 40 hours worked.
- Earned leave is loaded in Employee Access and use of leave will be recorded in Employee Access.
- Up to 40 hours of accrued sick leave can be carried over from one school year to the next.
- Accrued sick leave balance cannot be cashed out upon the substitute's termination, resignation, retirement or other separation from the LWSD substitute pool.
- The Employee must be scheduled for an assignment in order to be eligible to request paid sick leave.
- Substitutes must have a sick leave balance available for use at the time of the request.
- The employer has the right to require verification for use of paid sick leave if absence exceeds three consecutive days.

The Employee's Responsibility for Use:

- Substitute is entitled to use accrued paid sick leave beginning on the 90th calendar day after becoming a substitute.
- Substitute must have a sick leave balance available for use. Available sick leave balances should be verified by the substitute through Employee Access.
- Use of Sick Leave must be in one-hour increments.
- The substitute must notify the substitute office that they will be utilizing paid sick leave as soon as they realize that they will not be able to fill their scheduled assignment.
- The substitute must fill out a Sick Leave Request Form and turn it into the substitute office.

- Once approved by the substitute office, the form will be submitted to payroll.

The District reserves the right to make changes to these procedures if the law is modified, changed or eliminated.

Paid sick leave may be used for absence caused by illness, injury, or health condition of the employee or immediate family member of the employee.

SECTION C.15

Substitutes will be enrolled in insurance benefits based on eligibility per Section 22.1.1 through Section 22.2.4.

SECTION C.16 – LONG-TERM SUBSTITUTES

The District may fill vacancies with long-term substitutes provided such vacancy shall not exceed eighty-nine (89) school days.

SECTION C.17

Substitutes who perform work under the Professional Learning Certificated Pay Structure will be paid at the rate of \$45 per hour for such work.

APPENDIX F – NATIONAL CERTIFICATIONS

The District and the Association believe that pursuit of national certifications beyond those required for employment is a valuable professional development experience that has a direct link to increased student performance. The District and the Association also recognize that the process to pursue national certification requires a substantial commitment of time and resources. In order to encourage participation, the District and Association agree to provide support for the following national certifications:

SECTION F.1 – NATIONAL BOARD FOR PROFESSIONAL TEACHING STANDARDS (NBPTS)

SECTION F.1.1

The District will pay the NBPTS fee up front for any first time candidate when they register for any component of NBPTS certification.

SECTION F.1.2

If the teacher successfully completes NBPTS the first year, the amount of the fee will be deducted from the teacher's state bonus for the first year of certification.

SECTION F.1.3

If the teacher does not successfully complete a component the teacher may retake the sections needed to certify but must do so at his or her own expense.

SECTION F.1.4

Teachers who do not successfully complete NBPTS within the five-year (5) window will be required to reimburse the District one half (1/2) of the NBPTS fee at the end of the window, or upon withdrawal of their candidacy.

SECTION F.1.5

If a teacher severs his/her employment with LWSD prior to receiving NBPTS certification or the state bonus, the teacher will be required to reimburse the District the entire NBPTS fee.

SECTION F.1.6

If the state discontinues the state bonus prior to the teacher receiving it, the teacher will be required to reimburse the District one half (1/2) of the original NBPTS fee.

SECTION F.1.7

Teachers participating in this fee support program will be required to sign a promissory note and participate in the LWSD National Boards Support Program.

SECTION F.1.8

When current National Board Certified Teachers complete Maintenance of Certification, they will receive one (1) release day to complete Maintenance of Certification.

SECTION F.1.9

Candidates for NBPTS certification will be provided up to three (3) release days per year to work on their certification. These days will be coordinated through Professional Learning.

Candidates for NBPTS will be provided one (1) release day when completing one (1) Component, two (2) release days for completing two (2) Components and no more than three (3) release days for completing three (3) to four (4) Components. If teachers retake a Component, they will receive one (1) release day for each Component being retaken. The candidate is held to a maximum of nine (9) release days over the five

APPENDIX H – PROCEDURE - JOB SHARE

SECTION H.1- PURPOSE

The purpose of a job share is to provide an opportunity for teachers to share full time FTE in order to continue teaching when life circumstances prevent them from working full time. The intent is not to create permanent part-time work. Job sharing is voluntary on the part of participants.

SECTION H.2 - APPROVAL PROCESS

Due to the impact of a job share, the building principal must approve job sharing for it to occur in his/her building, except where involuntary transfer occurs. If a principal denies a request, he/she will explain the reasons to the teacher(s) in person and, upon request, in writing. The following criteria will be considered in a meeting between the building administrator and potential job share partners:

- Experience
- Professional growth and evaluations
- Plan for sharing responsibilities (outlined in K.9.3)
- Compatibility
- Commitment to collaborate
- Communication styles and expectations
- Educational philosophies
- Classroom management
- School culture

Teachers denied a job share may appeal to District Labor Management.

SECTION H.3 – RENEWING

Should job share participants wish to continue for the next school year, they shall request an extension of their leave and they will be given first consideration for continuation in job share for the following year.

SECTION H.4 – CHECK-IN

Job share participants will meet with their administrator in October and January to check on the plan so job shares can be successful.

SECTION H.5 - TRANSFERS

- A. Job share positions will not be eligible under the voluntary transfer section of the contract.
- B. Should an involuntary transfer be necessary, seniority for both job share participants at any location shall be determined by the District seniority of the most senior participant.

SECTION H.6 – MIDYEAR JOB SHARE DISRUPTION

In the event that one of the job share partners is unable to complete the job-share through the end of the school year, the remaining teacher may

- A. Take over the position full time
- B. Work with the principal to seek compatible replacement, working full-time until replacement is found
- C. Or take a full-time leave of absence

SECTION H.7 - ADVANCEMENT

Job share participants will qualify for salary advancements, experience credits, sick leave, and other benefits as would any part-time certificated employee. An explanation of how these benefits apply to less-than-full-time positions will be made available to each participant by the payroll office.

SECTION H.8 - PLAN FOR DIVISION RESPONSIBILITIES

Division of instructional and professional responsibilities such as how the following items will be covered:

- faculty meetings
- parties
- field trips
- student assessment and reporting
- professional development
- LEAP attendance/information
- open house
- curriculum nights
- planning time
- parent/student orientation
- first day of school
- last day of school
- room preparation/closure
- student-led parent/teacher conferences
- classroom management and response to student behavior
- any other job specific responsibilities

Agreement on an acceptable division of time (i.e., a.m., p.m., 2.5 days each person, etc.).

A communication system:

- between selves
- with principal
- with parents
- with students
- with other teachers and staff
- communication with parents regarding the share plan

SECTION H.9 – DISSOLVING A JOB SHARE

If a job share is dissolved, the individual who held a position in that building prior to the formation of the job share (the "owner") retains the right to that position after the dissolution of the job share. The job share partner who gave up another full-time position to join the job share (the "visitor") will be placed as though returning from a leave of absence but will also retain the right to request a transfer unless a vacancy exists in the current location. If no vacancy exists, the individual may list his/her current location on his/her transfer request list. (Both partners in the job share retain all building seniority accrued prior to the formation of the job share and continue to accrue additional building seniority during the job share. This total accrued seniority may be used in the transfer process).

SECTION H.9.1

If only one of the job share partners wishes to dissolve the job share, the remaining job share partner may seek a different teacher-partner at the current location provided that individual is the "owner" of the position. If the remaining job share partner is the "visitor," he/she may seek a different partner in another position at that location or at a new location. The "visitor" will take all accrued building seniority with him/her to the new location and will continue to accrue seniority for transfer purposes in the new location.

SECTION H.9.2

If the individual wishing to continue in a job share is unsuccessful in finding a new job share partner, he/she may also elect to return to full-time in the position currently held, provided he/she is the "owner" of that position. If he/she is the "visitor," he/she will be placed as though returning from a leave of absence but will also retain the right to request a transfer unless a vacancy exists in the current location. If no vacancy exists, the individual may list his/her current location on the transfer request.

SECTION H.9.3

In the event that the original job share partner who was the "owner" of the position is no longer part of the job share, the individual having the most seniority in the job share retains the right to the position.

SECTION H.9.4

If both job share partners were originally located in the same building and it cannot be determined who held the position originally, the individual with the most building seniority will be considered the "owner" of the position; the individual with the least building seniority will be considered the "visitor" and may seek a different job share partner in another position at the current location if a vacancy exists, or in another building if such vacancy does not exist; or the individual will be placed as though returning from a leave of absence, but will also retain the right to request a transfer to a full-time position which may include the current location.

If both partners have equal building seniority, the individual having the most District seniority will be considered the "owner" of the position. If both partners also have the same District seniority, the individual placed on the higher educational lane on the salary schedule will be considered the "owner" of the position. If the two partners are on the same lane, the individual with the most overall experience will be considered the "owner" of the position.

The educator will be informed of their ability to access the employee assistance program for counseling or other related services.

If an educator is involved in frequent student-related physical incidents that result in or could have resulted in injury, the building principal and Director of Special Services shall meet with the educator to discuss appropriate supports to reduce the frequency, severity, and/or likelihood of such events in the future. The educator may request a LWEA representative to participate in this meeting.

By the First Friday of September 2023-24 school year, LWSD and LWEA will jointly review and recommend changes to the injury reporting form to obtain more accurate information from such reports such that it can help inform instances in which additional supports may be necessary. APPENDIX J – PROFESSIONAL LEARNING COMMUNITIES (PLC)

The District and the Association agree to a Professional Learning Communities (PLC) model intended to support the professional growth of certificated staff and to enhance the learning environment for students.

SECTION J.1 – EXPECTATIONS

- A. Professional teams shall focus on the “cycle of inquiry” to enhance professional practice and positive student outcomes. To support this work, we strive to create safe environments for PLC teams to improve the practice of teaching and learning. Therefore, the PLC structure will:
- Emphasize professional collaboration focused on the improvement of professional practice and student growth.
 - Use the “cycle of inquiry” to focus on evaluating and addressing student learning, using established processes and protocols to analyze data. Examples include Data Teams, RTI, PLC practices.
 - Provide structures that maximize the efficiency and efficacy with manageable workload expectations.
 - Provide flexibility to differentiate teamwork based on monitoring and adjusting for the needs of students, while expressing ideas, teaching content, and using materials that support the course of study and the District’s instructional program. Teachers are expected to maintain a high professional standard of teaching and to employ the most effective teaching techniques to meet the District’s mission.
 - Be accountable to team members and administrators for completing PLC work at a high level of fidelity and be responsible to work toward continual team development.
 - Operate in an environment that provides clear expectations for individuals, PLC teams and administrators, and that provides a procedure to resolve disagreements about expectations.
 - Enhance the training, linguistic clarity, and expectations surrounding Professional Learning Communities (PLCs).
- B. The PLC documents will be reviewed and updated annually by the District and association.
- C. The annually updated PLC documents will be digitally linked in the appropriately places in the contract.

SECTION J.2 – TRAINING/SUPPORT

Annually, at the beginning of each school year the District will provide updated consistent and comprehensive training on PLCs will be provided for certificated staff and administrators. Some of this training will be conducted jointly with certificated staff and administrators. There will be a designated time during August LEAP for District created training around Appendix M and the PLC process. EIA will provide new teachers with LWSD PLC training.

Each year information on the foundation, process, and expectations of PLCs will be reviewed and PLCs will be provided with time for conducting a team assessment. The team assessment will be the basis for PLCs to access differentiated training/support. PLCs, depending on their progress as a team, may also begin the process of forming/norming or reflecting on their previous year’s goal. Such training may include resources made accessible online and supported by coaching. PLCs will be provided with a clear means for communicating a need for such support.

SECTION J.3 PLC PROCESSES

- A. A yearly calendar of timelines for PLC work will be developed.
- B. Administrators, in consultation with the building leadership team, will guide the formation of PLC teams.

- E. Staff will designate time prior to the final Friday in September to complete the PLC Self-Assessment.
- F. Staff will designate a time to reflect on the PLC Self-Assessment by the last Friday in February.
- G. In developing structures for PLCs, building administrators will account for workload issues for staff which may be assigned to multiple content areas. Options to address this include:
 - Staff are expected to actively participate with one team. (Identify as member of one team).
 - Staff may participate with more than one team, but only have responsibility for providing data to one team. (Adjunct membership).
 - Staff may participate with one team, but use the products (e.g., common assessments) generated by the other PLC.
- H. PGE teams and PLC teams should be the same unless circumstances dictate otherwise.
 - PGE work is nested within PLC.
 - PLCs will collaboratively work together using the cycle of inquiry to complete the PGE process.
- I. PLC work should align with the SIP when appropriate to student growth areas.
- J. When there is disagreement between administration/teacher or between teacher/team, the parties should follow building or team norms or the building's process for resolving disagreements.

APPENDIX K – PERSONALIZATION GUIDELINES

The LWSD Guiding Principles describe the learning environments in the Lake Washington School District, which are required to foster every student’s ability to learn the knowledge, skills, and attributes specified in the Student Profile. These guiding principles are organized around the themes of Connection, Value and Challenge for every student.

Students learn best when they are known well by adults in the school, and when the instruction and support they receive meets their specific needs as learners and individuals.

Therefore, each middle/high school will design their own Personalization Model using their Building Decision-Making Model. This Personalization Model is to be reviewed annually by all certificated staff members.

While there is no requirement to institute a specific program model, what is required is personalization for every student. This can be done in a variety of ways. Two such ways are intervention time/activities and homeroom. If a building chooses to schedule time during the students’ regular school day for an intervention or homeroom-type period, the following guidelines will apply:

SECTION K.1 – GENERAL HOMEROOM EXPECTATIONS

Teachers should not have preparation responsibilities for homeroom.

- Teachers can be asked to deliver materials and/or lesson plans developed by someone else or from a bank of common resources.

- Teachers may need to briefly review or read through materials to deliver the lesson or activity, and if so, such time will not be considered as an additional course preparation.
- Teachers should not have grading or formal progress monitoring responsibilities for homeroom.
- Teachers are required to take attendance.

SECTION K.4 – LEADERSHIP 1 STIPEND

Examples include, but are not limited to:

- Student request for additional support
- Teacher identified need for support
- Study time
- Assessment prep and/or make-up

- Pre-teaching

SECTION K.7 – INTERVENTION TIME/ACTIVITY EXPECTATIONS FOR TEACHERS

Teachers with documented health conditions will be provided the necessary support for their rooms to be packed, moved, and unpacked.

The building administrator shall reply to such a request within fifteen (15) school days after the deadline for requests. If the Administrator agrees with such request, the assistance given to teachers by the administrator may include the provision of monetary compensation above the Moving Stipend, the hiring of an IA(s) to assist in the packing and unpacking of materials, recruiting volunteers to assist the teacher, or the hiring of professional movers.

SECTION L.6

Should the building administrator deny a request for additional assistance, the teacher may appeal such denial to their building administrator. Upon receiving notification that the teacher is appealing the denial, the building administrator will schedule a meeting with the teacher within fifteen (15) school days of such notification to hear the appeal.

If, after hearing the appeal, the building administrator upholds the denial, the LWEA may appeal the denial at the next scheduled Labor Management meeting.
